

Plants wanted

Be a part of making Seeley's Bay a beautiful place to be

Your spruce up team a part of Seeley's Bay steps up are now ready to do some planters around town. We are asking for your support by donating some of your plants. All you need to do is drop them off at Nest Egg in the next two weeks, and we will take care of the rest. We are also looking for planting barrels, soils, or old canoes.

These planters will be placed at the entrances of Seeley's Bay and throughout the town. In the future you will see more permanent planters. Due to the future road construction of Main Street these are on hold.

For more information you can contact Dale Moore at Nest Egg 613-387-9902 or

Ron Rudd at Seeley's Bay retirement home 613-387-9990

Plant drop off Wed – Sun 10-6

If you would like to help with this project contact either of the numbers above for more information
